# COMMENTARY

## Introduction

The Group delivered strong results despite the effect caused by the sudden and unexpected global Covid-19 pandemic and hard lockdown levels imposed during the first half of the financial year. This disruption was countered by the implementation of proactive measures to manage and minimise the impact of this pandemic. The Group's strategy of diversification enabled the Group to continue delivering growth.

## Financial results

Operating profit increased by an impressive 47,5% from R601,0 million to R886,3 million. Headline earnings per share grew by 27,0% from 347,7 cents to 441,7 cents and revenue increased by 11,8% from R3,3 billion to R3,7 billion.

Net cash from operating activities increased by 13,4% to R767,6 million, which resulted in an improvement of the net debt:equity ratio from 8,2% in the prior year to 3,8% in the current year.

The effective tax rate of the Group increased from 18,9% to 30,5% in the current period, mainly due to the utilisation of previously unrecognised assessed losses of R288,3 million, in Afrimat Demaneng Proprietary Limited ('Demaneng iron ore mine'), in the prior year. No deferred tax assets were recognised on the start-up losses and assessed losses of Nkomati Anthracite Proprietary Limited ('Nkomati anthracite mine').

## Operational review

Afrimat entered the national lockdown with a very strong balance sheet, positioning it strongly for the uncertainty that was lying ahead. The negative impact of the national lockdown on the Group was dampened by the partial reopening of the Demaneng iron ore mine and certain Industrial Minerals operations early during the lockdown period. The reopening was undertaken with utmost care to ensure the safety and well-being of all employees. From 20 April 2020, as gazetted by the government, industries in the mining and quarrying sector were granted permission to resume operations. Afrimat ramped up operations according to market demand and in line with government regulations. The Construction Materials and Industrial Minerals segments returned to profitability once the hard lockdown levels imposed during the first half of the financial year were lifted.

In the second half of the year, the Construction Materials segment achieved good growth compared to the corresponding period in the previous financial year, whilst the Industrial Minerals segment experienced satisfactory results. The Bulk Commodities segment benefited strongly from favourable iron ore pricing, which contributed to exceptional growth in profits during the year.

All operating units are strategically positioned to deliver excellent service to the Group's customers, whilst acting as an efficient hedge against volatile local business conditions. The product range is well diversified to include Construction Materials consisting of aggregates and concrete-based products, Industrial Minerals consisting of limestone, dolomite and silica, and Bulk Commodities made up of iron ore and anthracite.

During the year under review, good labour and community relations continued with no labour action or community grievances having occurred. The Group remains committed to creating and sustaining harmonious relationships in the workplace and addressing issues proactively. Afrimat continues to prioritise staff development, training and education on the human capital agenda.

The **Bulk Commodities** segment, consisting of the Demaneng iron ore mine and the Nkomati anthracite mine (included in the full year results for three months), delivered an exceptional contribution to the Group results comprising 42,9% of the total revenue. Operating profit increased by 128,4% from R321,7 million to R734,7 million, as a result of favourable iron ore pricing during the year. This translated into an increase in the operating margin from 31,0% to 46,4%. The Nkomati anthracite mine contributed start-up losses of R33,8 million for the three months, December 2020 to February 2021, included in these results.

The **Industrial Minerals** businesses, across all regions, delivered satisfactorily results. The segment was able to sell limited quantities of product into certain essential services markets during the national lockdown. It was, however, impacted by the lockdown and this caused a decrease in operating profit of 41,9% from R95,6 million to R55,5 million.

The **Construction Materials** segment was impacted considerably by the national lockdown, which resulted in no revenue for the month of April, as well as limited revenue during May and June 2020. The segment recovered post the hard lockdown levels to achieve good growth in the second half of the financial year compared to the corresponding period in the previous financial year. This resulted in a decrease in operating profit of 45,5% being recorded from R192,4 million to R104,9 million.

## Business development

New business development remains a key component of the Group's growth strategy. The dedicated business development team continues to successfully identify and pursue opportunities in existing markets, as well as in anticipated new high growth areas in southern Africa.

## Acquisition

In the prior year, the Group acquired 27,3% of Unicorn Capital Partners Limited ('UCP') share capital for an amount of R16,0 million. In the current year, the Group acquired the remaining UCP shares by way of a scheme of arrangement ('Scheme') in terms of section 114 of the Companies Act, No 71 of 2008 where UCP shareholders obtained one Afrimat Limited ordinary share for every 280 UCP ordinary shares disposed of, with no cash alternative.

On 15 December 2020, all conditions precedent were fulfilled and the agreement became unconditional. Following the implementation of the Scheme and the subsequent delisting of UCP from the JSE Limited, Afrimat completed an internal restructure of the UCP group. Afrimat considered the restructured group not to be part of Afrimat's core diversification strategy and disposed of it in an accelerated disposal process. As a result, Afrimat holds 100,0% of Nkomati Anthracite Proprietary Limited ('Nkomati') (refer note 12 for further details).

## B-BBEE

Existing BEE shareholders and the Afrimat BEE Trust in aggregate hold 33,1% of Afrimat's issued shares.

Notwithstanding the fully empowered ownership platform in line with the Mining Charter requirements, the Group remains dedicated to enhancing all aspects of B-BBEE on an ongoing basis. Afrimat is committed to a bottom-up approach to transformation and successfully accomplished in terms of sustained training, skills development and all-round employee upliftment in the financial year.

## Dividend

The Group's dividend policy is maintained at a 2,75 times dividend cover. A final dividend of 112,0 cents per share (2020: 81,0 cents) for the year was declared on 26 May 2021. The dividend payable to shareholders subject to dividend tax is 89,6 cents per share (2020: 64,8 cents per share). Total dividends for the year amount to 148,0 cents per share (2020: 117,0 cents per share).

## Prospects

The Group is well positioned to capitalise on strategic initiatives and future opportunities. The Group's future growth will still be driven by the successful execution of its proven strategy, recent acquisitions and a wider product offering to the market. Many exciting opportunities are being investigated.

Operational efficiency initiatives aimed at expanding volumes, reducing costs and developing the required skill levels across all employees, remains a key focus in all operations.

These financial statements may contain forward-looking statements that have not been reviewed nor reported on by the Company's auditors.

## New appointments to Board Committees

The current lead independent director of the Group, Mr FM Louw, has been appointed as the deputy Chairman of the Board, as well as a member of the Audit and Risk Committee. Mr JF van der Merwe, Chairman of the Audit and Risk Committee, has been appointed as a member of the Investment Review Committee.

# INDEPENDENT AUDITOR'S REPORT

## ON THE SUMMARY CONSOLIDATED FINANCIAL STATEMENTS

To the shareholders of Afrimat Limited

### Opinion

The summary consolidated financial statements of Afrimat Limited, set out on pages 5 to 21 of the provisional report, which comprise the summary consolidated statement of financial position as at 28 February 2021, the summary consolidated statements of profit or loss and other comprehensive income, changes in equity and cash flows for the year then ended, and related notes, are derived from the audited consolidated financial statements of Afrimat Limited for the year ended 28 February 2021.

In our opinion, the accompanying summary consolidated financial statements are consistent, in all material respects, with the audited consolidated financial statements, in accordance with the requirements of the JSE Limited Listings Requirements for provisional reports, as set out in note 1 to the summary consolidated financial statements, and the requirements of the Companies Act of South Africa as applicable to summary financial statements.

### Summary Consolidated Financial Statements

The summary consolidated financial statements do not contain all the disclosures required by International Financial Reporting Standards and the requirements of the Companies Act of South Africa as applicable to annual financial statements. Reading the summary consolidated financial statements and the auditor's report thereon, therefore, is not a substitute for reading the audited consolidated financial statements and the auditor's report thereon.

### The Audited Consolidated Financial Statements and our report thereon

We expressed an unmodified audit opinion on the audited consolidated financial statements in our report dated 26 May 2021. That report also includes communication of key audit matters. Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period.

### Director's Responsibility for the Summary Consolidated Financial Statements

The directors are responsible for the preparation of the summary consolidated financial statements in accordance with the requirements of the JSE Limited Listings Requirements for provisional reports, set out in note 1 to the summary consolidated financial statements, and the requirements of the Companies Act of South Africa as applicable to summary financial statements.

### Auditor's Responsibility

Our responsibility is to express an opinion on whether the summary consolidated financial statements are consistent, in all material respects, with the audited consolidated financial statements based on our procedures, which were conducted in accordance with International Standard on Auditing ('ISA') 810 (Revised), Engagements to Report on Summary Financial Statements.

\* The increases in these items are mainly attributable to the acquisition of Nkomati (refer note 12.1 for further details).

\*\* During the current year 'Investment property' was transferred to 'Property, plant and equipment' due to a change in use.

\*\*\* The increase in 'Trade and Other Receivables' is mainly attributable to the higher iron ore prices at year end.

# NOTES

## 1. Basis of preparation

The summary consolidated financial statements ('financial statements') are prepared in accordance with the requirements of the JSE Limited (JSE') Listings Requirements for provisional reports, and the requirements of the Companies Act applicable to summary financial statements. The Listings Requirements require provisional reports to be prepared in accordance with the framework concepts and the measurement and recognition requirements of International Financial Reporting Standards ('IFRS') and the SAICA Financial Reporting Guides as issued by the Accounting Practices Committee and Financial Pronouncements as issued by the Financial Reporting Standards Council and to also, as a minimum, contain the information required by IAS 34: *Interim Financial Reporting*. The accounting policies applied in the preparation of the consolidated financial statements from which the summary consolidated financial statements were derived are in terms of IFRS and are consistent with those accounting policies applied in the preparation of the previous consolidated annual financial statements.

The financial statements have been prepared under the supervision of the Chief Financial Officer ('CFO'), PGS de Wit CA(SA).

## 2. Segment information

The segments of the Group have been identified by business segment. Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the executive directors. Aggregation of segments has been determined on the basis of product outputs with similar attributes; by considering the nature of products and services, production processes and the type of class of customer for the products and services.

There are three main operational segments based on the market use of products.

The principal services and products of each of these segments are as follows:

- Construction Materials: Comprises aggregates, concrete-based products and contracting operations;
- Industrial Minerals: Comprises limestone, dolomite and industrial sand;
- Bulk Commodities: Comprises iron ore and anthracite; and
- Services: Comprises Group shared services including IT services, consulting services, etc.

| Impairment of loan payable by associate/subsidiary | <b>22 083</b>   | -   |

During the year Afrimat purchased the remaining ordinary shares of UCP, Afrimat completed an internal restructure process and subsequently disposed of the restructured UCP group. Upon disposal, the loan amounting to R22,1 million was impaired in full. This loan was advanced in the prior year to fund working capital requirements for the UCP group.

In the prior year, during the process of performing the annual goodwill impairment test, it was identified that the carrying value of the SA Block Proprietary Limited cash-generating unit ('CGU'), exceeded its recoverable amount. This was mainly due to the reduction in sales volumes resulting from a slowdown in the market and a decline in demand for construction materials in the Gauteng area. This resulted in the Company not achieving its budget and placed significant pressure on the margins. As a result of the aforementioned a goodwill impairment of R10,2 million was recorded. SA Block Proprietary Limited is included in the Construction Materials segment.

### 5. Income tax expense

The effective tax rate of the Group increased from 18,9% to 30,5% in the current year mainly due to the utilisation of previously unrecognised assessed tax losses of R288,3 million in Afrimat Demaneng Proprietary Limited in the prior year. No deferred tax assets were recognised on the start-up losses and assessed losses of Nkomati Anthracite Proprietary Limited.

In February 2021, the Group acquired a R300,0 million five-year term facility with The Standard Bank of South Africa Limited ('SBSA'). An amount of R220,0 million was utilised on 19 February 2021. The loan bears interest linked to the three-month Jibar rate and is payable in quarterly instalments of R11,0 million plus interest, with the first instalment commencing on 31 May 2021.

## 10. Borrowings (continued)

### 10.2 Analysis as per Statement of Cash Flows (continued)

The Group acquired another R300,0 million three-year term facility with RMB, bearing interest linked to the three-month Jibar rate and payable in quarterly instalments. This loan was unutilised as at 28 February 2021.

In the prior year, the Group acquired a US\$4,0 million revolving credit facility, of which US\$3,85 million (2020: US\$2,7 million) was drawn, with Standard Bank (Mauritius) Limited. The facility bears interest at Libor plus 2,6% payable quarterly and is available until August 2021.

## 12. Acquisition of businesses

### 12.1 Unicorn Capital Partners Limited ('UCP')/Nkomati Anthracite Proprietary Limited ('Nkomati')

In the prior year, the Group acquired 27,3% of UCP's share capital for an amount of R16,0 million. In the current year, the Group advised the market of the intention to acquire the remaining UCP shares by way of a scheme of arrangement ('Scheme') in terms of section 114 of the Companies Act, where UCP shareholders obtained one Afrimat Limited ordinary share for every 280 UCP ordinary shares disposed of, with no cash alternative. This resulted in 2 882 352 shares issued to the value of R111,1 million.

UCP indirectly held 60% of the issued shares of Nkomati, which operates an anthracite mine focused on both opencast and underground mining. Nkomati's debt levels were high, its liquidity was constrained and it faced operational challenges. These challenges were exacerbated by the shut down for the initial Covid-19 lockdown period followed by an extended illegal strike, both of which resulted in significant losses.

Afrimat provided working capital to Nkomati as from January 2020 but was unwilling to contribute any further funding to Nkomati on an unsecured basis. Afrimat had the interests of Nkomati's employees and community at heart and wished to keep Nkomati's business operational. In order to achieve this whilst protecting the interests of Afrimat's shareholders, the decision was taken to launch a business rescue application on 5 October 2020, which was granted on 13 October 2020.

In order to address the cash flow shortage, a post-commencement financing agreement was entered into between Nkomati and Afrimat for a total amount of R110,0 million. As part of the business rescue process a business rescue plan ('Plan') was developed to which Afrimat provided the business rescue practitioner ('BRP') with its proposal to rescue the company and to provide a better return for the company's creditors and shareholders than what would result from an immediate liquidation of the company. The Plan was approved by the requisite creditors and shareholders at the meeting held on 30 November 2020 and was implemented by the BRP, whereby Afrimat gained control over Nkomati. Mpumulanga Economic Growth Agency ('MEGA'), previously a minority shareholder of Nkomati, instituted legal proceedings against the business rescue practitioner. For further details refer note 16.

The business rescue application did not impact the Scheme, which was presented and approved by the UCP shareholders at a general meeting on 9 October 2020.

On 15 December 2020, all conditions precedent were fulfilled and the agreement became unconditional.

The accounting treatment for this business combination is still within the measurement period and information pertaining to the fair value of the current and deferred tax assets and liabilities, as well as mining assets have not yet been finalised.

#### Property, plant and equipment

An external valuator was used in obtaining the fair value of property, plant and equipment. Comparable factors was used in the valuation methodology used by the valuator.

#### Mining reserves included/excluded life-of-mine ('LOM') plan

The value of all reserves (included and excluded in LOM) was valued using a discounted cash flow per LOM plan.

The long-term anthracite price used in the valuation was as follows:

| Reserve:                 | Long-term<br>price (R/tonne) |
|--------------------------|------------------------------|
| Anthracite low ash nuts  | 2 067                        |
| Anthracite low ash duff  | 1 653                        |
| Anthracite high ash nuts | 820                          |
| Anthracite high ash duff | 550                          |

The following discounted rates were used:

| Class   | Real<br>discount rate |
|---|-----------------------|
| Category 1: Resources with a high level of confidence of economical extraction that had been proven through historical mining of such area or adequate drilling.  | 15,5%                 |
| Category 2: High risk measured and indicated resources, due to complex geological setting. Further feasibility studies are required.  | 18,5%                 |
| Category 3: Inferred resources and resources without regulatory approvals in place, including environmental authorisation and water use. Resources are not verified, further exploration and drilling are required to be performed. | 21,5%                 |

## 12. Acquisition of businesses (continued)

### 12.1 Unicorn Capital Partners Limited ('UCP')/Nkomati Anthracite Proprietary Limited ('Nkomati') (continued)

The goodwill acquired in Nkomati is attributable to the anthracite resources, the access to infrastructure and expected synergies to arrive subsequent to the acquisition. The transaction is in line with the Group's diversification strategy to capitalise on new revenue opportunities for Afrimat in the Bulk Commodities space.

At acquisition, the fair value of trade and other receivables was R19,9 million and includes trade receivables of R8,2 million. An amount of R5,6 million is reflected as neither impaired nor past due.

### 12.2 Disposal of businesses

#### Unicorn Capital Partners Limited ('UCP')

Following implementation of the Scheme and the subsequent delisting of UCP from the JSE Limited, Afrimat completed an internal restructure of the UCP subsidiaries with direct interest in the Nkomati ('the Restructure'). The Restructure resulted in UCP having no direct interest in Nkomati. The Company considered the restructured UCP to not be part of Afrimat's core diversification strategy. On 27 January 2021 the Group announced its decision to dispose of the whole of the restructured UCP in an accelerated disposal process for 100,0% of the share capital of UCP.

Details of the disposal are as follows:

|  | UCP –<br>Restructured<br>Total<br>2021<br>R'000 |

## 15. Events after reporting date

### Coza Mining Proprietary Limited ('Coza')

As per the SENS announcement published on 17 August 2020, the Company entered into a Sale of Shares agreement, in terms of which the Company agreed to purchase 100,0% of the issued ordinary shares of Coza Mining Proprietary Limited ('Coza') ('Assets'), with operations in South Africa, for a purchase consideration of R300,0 million, payable upon the fulfilment of certain conditions.

The following condition precedent had not been met at the reporting date:

- Written acknowledgement of receipt of the section 11 approval from the DMRE.

### Covid-19

The impact of the Covid-19 pandemic has been considered up to 28 February 2021. The pandemic is considered to be an ongoing event and management is continuously assessing and monitoring developments with regards to the pandemic and its impact on the business.

Subsequent to year-end there were no significant changes in the Covid-19 pandemic restrictions impacting the Group and therefore no subsequent events related to the Covid-19 pandemic have occurred or any other further material events which occurred after the reporting date and up to date of this report.

### Afrimat Mozambique Limitada

On 24 March 2021, an attack by non-state armed groups occurred in the Palma District, Cabo Delgado Province, Mozambique. Afrimat immediately withdrew all expats, repatriated them to South Africa and declared force majeure. The Group is in the process to determine the full extent of the losses and is in continuous discussions with contractors and insurance providers to understand the full impact of this event. Afrimat Mozambique Limitada's results is included in the Construction Materials segment.

### Gravenhage Manganese Mining Right

On 20 May 2021, the Company entered into an agreement with Aquila Steel (S Africa) Proprietary Limited and Rakana Consolidated Mines Proprietary Limited, in terms of which the Company will purchase 100% of the Gravenhage manganese mining right and associated assets for a purchase consideration of USD45,0 million and ZAR15,0 million, respectively.

The Acquisition is subject to the fulfilment of the following outstanding conditions precedent ('Conditions Precedent'):

- Approval in terms of section 11 of the Mineral and Petroleum Resources Development Act No. 28 of 2002;
- Competition Commission approval;
- Grant of Water Use License application; and
- Approval of the Chinese State-owned Assets Supervision and Administration Commission of the State Council for the sale of the Assets and the assumption of the assumed liabilities as contemplated in the Agreement having been obtained by Aquila Steel (S Africa) Proprietary Limited.

## 16. Contingencies

Guarantees to the value of R69,7 million (2020: R69,6 million) were supplied by SBSA to various parties, including the DMRE and Eskom.

Guarantees to the value of R220,1 million (2020: R13,6 million) were supplied by FNB to various parties, including the DMRE and Eskom. The increase in amount relates to the additional guarantee of R189,2 million obtained for the Coza acquisition.

Guarantees to the value of RNil (2020: R1,6 million) by Lombard's Insurance Group, R0,9 million (2020: R0,9 million) by ABSA Bank Limited, R181,5 million (2020: R131,2 million) by Centriq Insurance Innovation and R2,7 million (2020: R2,7 million) by SIG Guarantee Acceptances Proprietary Limited were supplied to various parties, including the DMRE, Eskom and Chevron South Africa Proprietary Limited. The value of Centriq guarantees has increased due to the proportionate increase in quantum calculations affected by National Environmental Management Act ('NEMA') requirements.

The majority of these guarantees are in respect of environmental rehabilitation and will only be payable in the event of default by the Group.

A contingent liability exists due to the uncertain timing of cash flows with regards to future local economic development ('LED') commitments made to the DMRE in respect of companies with mining rights. These commitments are dependent on the realisation of the future agreed upon LED projects. Future commitments amount to R15,1 million (2020: R11,1 million). An accrual has been raised in respect of commitments made up to the end of the year.

## NOTES (continued)

### 16. Contingencies (continued)

The UCP acquisition became effective in December 2020 after all the conditions precedent were met. Approximately 5,0% (34,0 million shares) of UCP's shareholders were dissenting shareholders that did not accept the offer of 14,0 cents per share and filed a case in terms of the Companies Act with the High Court. Management will oppose the case which is currently ongoing.

Subsequent to the approval of the Plan of Nkomati by a majority of creditors and shareholders, Mpumalanga Economic Growth Agency ('MEGA') instituted legal proceedings against Nkomati and the BRP, i.e. Daniel Terblanche. The allegations in terms of the application deals with the apparent defects of the business rescue process followed, including the valuation obtained by the BRP. The intention is to review and set aside the adoption of the approved Plan, or alternatively to set aside the votes in favour of the adoption of the plan. The case is still ongoing.
